100 Facts About Egypt N° 64

Egypt hosted the 4th Internet Governance Forum in November 2009.

- The Internet Governance Forum was created by the World Summit on the Information Society as a platform to bridge the gap between different parties and to engage developing nations in the internet debate.
- The Forum offers a special opportunity for international dialogue over a number of issues, such as:
 - Managing important electronic materials;

2010 JUN 24 PM 12:29

UNIT

- Access to the Internet and the diversity of users;
 - New developments in the digital world, including social networks and their impact on the internet.
- Egypt has seen an exponential growth of 2,693 percent in internet usage between 2000 and 2009. Today, over 13 million Egyptians enjoy uncensored and free access to the internet.
